My List of Fears

Take a moment to list all of your fears without thinking too much. Just keep writing "I'm afraid that..." and then fill in the blank with whatever comes into your awareness. As you write the list, interchange the word "afraid" with such words as "worried", "terrified" or "concerned". It doesn't matter how big or small the fear is or whether it seems reasonable or not, just keep your pen writing until you can exhaust your list...
